DETAILED ACTION

This application was filed 10/12/2005 and is a 371 of PCT/US04/11211 (4/12/2004) which claims benefit of 60/462941 (4/15/2003) and Germany 103-17-781.7 (4/16/2003). Claims 1-16 are before the Examiner.

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. The rejection of claims 2-7 under 35 U.S.C. 102(b) as being anticipated by Arison (5952347), Tung (5869673) and Belley (5565473), is upheld. As previously stated, Arison, Tung and Belley all disclose montelukast, its salts, pharmaceutical composition and method of treating allergic conditions. The form B or the hemisolvate forms, once placed into a pharmaceutical composition or used to treat by getting them into the body, inherently become montelukast as is disclosed by Arison, Tung and Belley.

3. Applicant argues that the claims are drawn to the pharmaceutical compositions of a novel form B of montelukast sodium. Correct. However, the special form B of montelukast, when put into a composition which contains water or saline, would no longer be special form B of montelukast. the claims, if limited to pharmaceutical compositions that maintain the form B of montelukast would appear to be allowable over the art or record.

Art Unit: 1625

Allowable Subject Matter

4. Claims 1 and 8-16 are allowed. The closest art is the above cited art of Arison, Tung and Belley which all disclose montelukast and montelukast sodium. However, the prior art does not disclose the specific form or solvate of montelukast.

Conclusion

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
